Coach Assigned Rating Tool (outbound tool) - This tool is designed for conducting Coach Assigned DUPR Assessments in person. It allows you to record doubles match footage for player evaluations, score players across eight skill areas using the DUPR scale (2.0–8.0), and submit Coach Assigned DUPR ratings that integrate seamlessly with DUPR.

My DUPR Coach Dashboard (outbound tool) - This tool is designed for managing players under your coaching team, updating Coach Assigned DUPR ratings, analyzing match footage, accessing the player leaderboard, and maximizing its features with players who subscribe to the My DUPR Coach app.

Player Leaderboard - On the My DUPR Coach Dashboard, you have access to the Player Improvement Leaderboard, which showcases your players' names, email addresses, DUPR skills, DUPR growth, their last assessment assigned, and whether their My DUPR Coach app is connected to the DUPR app.

DUPR app - To ensure that the Coach Assigned Rating you generate for your players appears in the DUPR app, follow these steps: Have your players download the My DUPR Coach app, create an account, and connect their My DUPR Coach app to the DUPR app. After that, you can generate their Coach Rating using the Coach Assigned Rating tool or the My DUPR Coach Dashboard. The rating will then show up in the DUPR app, ready for use in leagues, tournaments, and more.
